### LET'S TAKE THIS PARTY DOWNTOWN

Plan your one-of-a-kind event in the heart of Nashville's entertainment district, where music is everywhere you turn and the energy is always electric. Created in partnership with country mega-star Blake Shelton, Ole Red is literally the biggest thing on Broadway, situated right at the intersection of swanky city style and honkytonk attitude. This buzz-worthy, four-story, restaurant-club-venue combo offers concert-caliber live music, scratch-made dishes, signature drinks, and the occasional surprise appearance by Mr. Shelton and friends.

This multi-level, 26,000-square-foot entertainment venue features a two-story bar and restaurant, retail area, performance space, dance floor, and private VIP booths for small groups. On the roof, find 6,000 square feet of private event space featuring an indoor-outdoor bar and restaurant with incredible views of Lower Broadway and Music City.

Events at Ole Red can be as laid-back or buttoned-up as you choose. It's the kind of place where you can show up with your rowdiest friends or take your mom out to dinner when she comes to town. Everything we do here has a little splash of goofball rebellion with a dash of smart, clean-up-real-nice style.

Rent the rooftop lounge for a sophisticated reception, inject your corporate event with lively concert energy, or arrange a full-venue takeover for a truly unforgettable experience.
